Making Tracks. That's What Life Is All About; Leaving The Best Impression Upon Other People That We Possibly Can.

Just as when we're walking on the beach. At first, when we are wading in the water, the impressions don't remain. Then, as we venture out of the water and onto the wet sand, our footprints are more defined. But they, too, are washed away soon. Finally, as we're reaching dryer sand and the water is further and further away, every step is more obvious and defined.

So is life. When we were younger and we would do foolish things sometimes, no one really remembered because we were only children and nonsense was expected. People thought it was "cute". As we grew up, people began to remember our actions, and we were held accountable for them. We started to make lasting impressions, and our responsibilities grew. Now, as high school students, our footsteps are defined. We no longer have

our mothers' skirts to hide behind. We are on our own, and everything we do is noticed. We have a chance to let the world know we are here and better than before; a chance to make a positive statement.

As freshmen, we came into this new "world" of ours. We began experiencing new ideas, thoughts, and activities. We began to move forward towards our final goal—graduation. As juniors we climbed even higher towards the finale, hoping for all the brilliance and passion which comes with it. Then, as graduated seniors, we can look back at what we started out as and how we have finished, and actually be impressed. We are on our way and soon we'll be looking back at all the years which have passed, and all the tracks we have made.

Stepping Up

Ready to make tracks again, huh Ames?

Boy, you're really *stepping up* there, aren't you, Mr. Litzel?

Moving Forward

Some people come into our lives

And quickly go
Others stay for a while
And leave footprints on our hearts
And we are never ever the same.

Graduation is the end of a long journey, but it is also the beginning of a new one. As you step out into the world, remember that you are not alone. You have a support system of friends and family who will be with you every step of the way.

We, the freshman class of 1987 are made up of many different kinds of groups and people. This diversity helps to make us unique, to say the least. Our class could classify itself by groups such as the preps, prunks, brains, the rowdies, and the wall flowers. We might have distinct groups and people, but when anyone needs a helping hand we always come together to lend it.

We are the only class in Revere's history that are proud about having a genius. Thanks goes to Eric Riens for letting the class of 1987 hold that title.

Pep Club

The Pep Club is a group of students who are passionate about their school and its sports teams. They are responsible for creating a positive atmosphere at all school events and games. The club members work together to design and make school spirit items, such as banners, posters, and cheerleaders. They also participate in various activities, including pep assemblies, games, and fundraisers. The Pep Club is a great way for students to show their love for their school and to meet new friends who share the same interests.

TO OUR STAFF:

Well we finally made it through the year. It is hard to believe isn't it? We never thought we would and we never would have if it wasn't for you. Thanks for all your patience, love, and help. A special thanks goes to those who skipped classes at the last minute to finish the deadline. Boy Susan sure was a bear then wasn't she? We're going to miss you all. Good luck with next year's book.

The Lantern

The 1983-84 Revere **Lantern** informed and entertained Revere's students for another year. Published twice monthly by the journalism classes, the **Lantern** reported school events, investigated "hot" issues, and tried to provide a little humor

The newspaper, under the direction of advisor Barb Almes and editors Mark Nelson and Scott Root, won second prize in a Bowling Green statewide competition. Several writers were recipients of Quill and Scroll Awards.

The students wrote their own articles, set up their own pages, conducted interviews, typed stories, and even sold the paper themselves. The **Lantern** will continue to entertain the Revere Minutemen for many years to come.

This year has been extremely productive for AFS American Field Service. It began with the summer bus stop in July. Students from Revere hosted AFSers who spent the year in Washington and Alaska. They were here for their fun & happy days.

Then we got our AFS students for the year. Jenny Cooper, New Zealand,

land), and Ana Miriam Rosa (Brazil). They lived with us with love at 1000. We had a costume party at Kim Perle's house on Halloween and a Christmas party at Lynn Kamm's. Both were successful. We said evergreen for the first time this year for our fundraiser. All in all, it was an extremely good year.

April 1, 1984

Hi, folks!

You don't know what is going on in my mind. Some to leave is coming and I feel it will be tough to say "bye" to you guys. I've been

hanging so much from here! You made my year be great!! I bet my Brazilian friends are jealous because they didn't come to Revere.

I would like to thank all you guys for everything. You were patient with me and helped me a lot in so many things!! (specially my "English"). A special embrace with lots of love to the volleyball, basketball and softball teams and coaches. And I couldn't forget the lantern staff! Thanks a lot!! Also, a big "warm fuzzy" to the whole TI and folks of the Variety Show. I enjoyed being with you. Gee, I want to say so much and don't have space!

I wish good luck to everybody with a smile shining on our faces. Let's cross our lines. Even though I'll be thousands of miles away, my heart and mind will always be with you. Our lines will still feel each other... tomorrow... Let's hold the present with much power and courage, look at the past with gratitude for our learning and look forward to the future!

Love to me, OK!

I LOVE YOU ALL!!

"Tomorrow, my friend, we will see each other again... Someday, my friend, we will meet each other again..."

Dear Minutemen,

My year at Revere is drawing to a close all too quickly, but my memories and the friendships made will carry on endlessly. Being an AFSer from New Zealand, the size of California, and coming to America, led to abundant laughs on both sides of our culture. My time away from "home" has given me a wider understanding of today's world and its people. I recommend the AFS year to all. I'd like to thank the student body who helped make my time here most memorable. Thanks, too, to the members of the soccer team and the track teams, to the coaches and teachers who helped me through the year. Also a special heartfelt thanks to the close friends whom I shared a lot of my good times with. Your love and friendship will always be treasured.

Good luck to the "Class of '84" and perhaps I'll share with you again at reunions in years to come.

Love in friendship

Vocational Education

What do you think of when you hear Vocational Education? Many think of classes that only those who want to make it a regular part of school take. That is far from the truth.

Vocational Education gives students a real world hands on type of experience in the field that they choose whether it's Automotive, Cosmetology or anything in between.

This year there were many students in Revere in Vocational Education. Frank won the Vocational Education award for talent and was selected from a talent contest in Vocational Education.

Being involved in this program gives students who aren't planning to go to college an edge over others when applying for jobs and often allows students to leave school already having a job.

AIDES

Why in the world do we need aides? What do they do?

Aides are there to help us get our work done when there's too much for us to do by ourselves. They are invaluable. They help us keep

our sanity and they never receive enough recognition. On these next few pages you'll see some of your classmates who aid teachers, secretaries, and others.

Without them many would be lost.

TWO DOWN, TWO TO GO!

The class of 1986 comprised many individuals, each with his own personality. What happens when you combine these individuals? You get a terrific bunch of people. We all are friends; we all care about each other. We share both the good and bad experiences encouraging one another.

Now that we're half way through, we have some idea of the direction we're headed. We still have a lot to learn, and if things get rough we can always count on the support of our friends.

Not only are we close but we've got spirit. When things get us down, we simply stand up and face the world again, looking forward to the next day.

And do we know how to have fun! Every once in a while we need to break away and let loose. Here's where the fun starts! Friends get together and do some crazy things, but it's all in good taste.

So if we all stick together, we can successfully complete our last two years of high school. Together we will conquer the world!

ABOVE: Men, when it's the last time you see an old friend, say "Hi" and "I'll never forget you." It's a beautiful moment. You know that a muscle.

REVERE

The Revere Minutemen celebrated their fourth straight Suburban League victory when they defeated the Hudson Explorers 12-0. Despite the bad weather, they played a spectacular game and ended the season with a bang. This win clinched the Suburban League Title which the team shared with the Norton Farmers. The title raised the spirit and pride at Revere. The Senior Class of 1984 was lucky enough to have a winning football season all four of its high school years. Thus the Minutemen were indeed Cramps all the way.

Varsity

The Varsity Cheerleaders are Ek, NY, Tammy, and the other girls. They are all from the same school and are all very good at what they do.

Cheerleading

Cheerleading involves much more than the average football or basketball fan sees. Hard work and dedication are what make up a Revlon cheerleader. There are the games, but there is also practice, (lots and lots of practice) summer camp, pep club, bake sales, and everything until 5 o'clock in the morning. It begins with tryouts in the spring, then picks up speed and does not slow down until the very last basketball game is over. There's barely enough time for a cheerleader to catch her breath before she's off and running again. So why do these girls do it? Ask any of them and she'll tell you, "You've Gotta Love It."

A Swinging Success

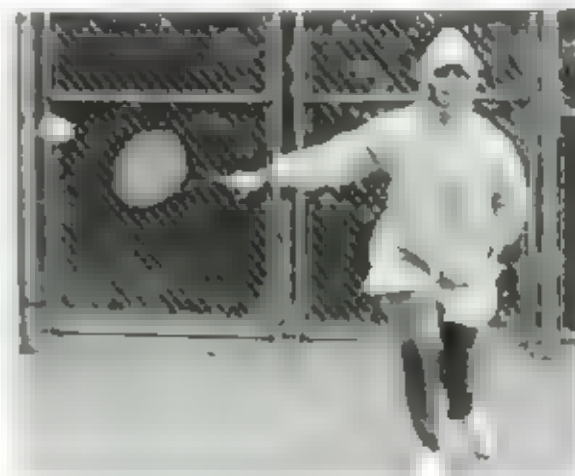

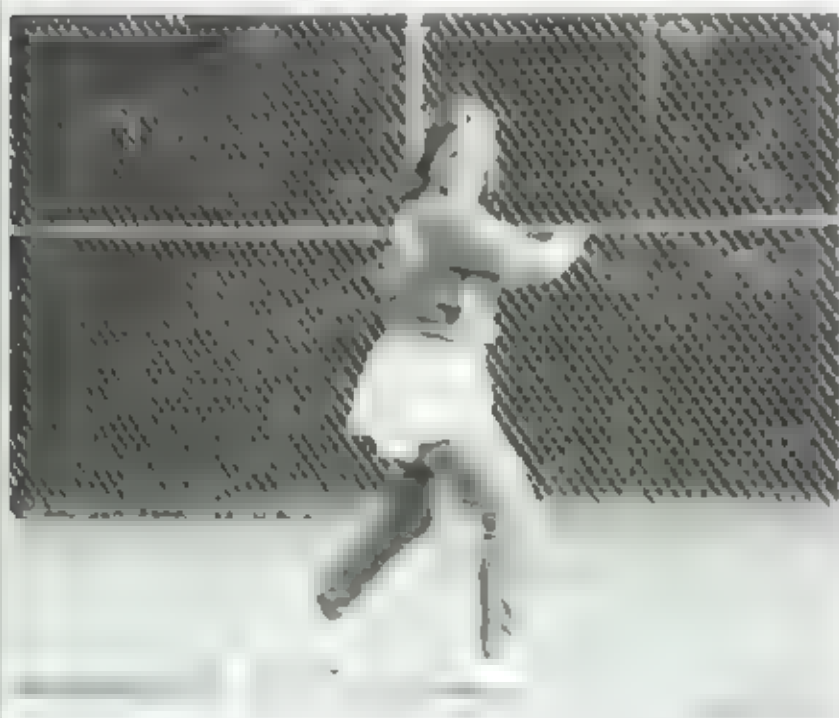

The 1983 Girls' Tennis Team had another successful season this year, finishing with a record of 11 wins and 7 losses. Its first win over Hudson in three years is just one indication of their great season.

Seniors Lisa Dudley, Chris Flowers, and Jenny Curtis were the mainstays, with their experience and advice to their younger teammates. Walt Maynor added to the winning season by giving the girls his full support and dedication as a coach.

Captain Lisa Dudley received the only fourth year award and the Coach's Award. Marie Milano was named the Most Valuable Player, while Julie DasVarma received the Most Improved.

A Stroke Of Luck!

This year the golf team secured a second place finish in the Suburban League closely following 1st place Hudson.

The scores this year are the best they have been in several years. Since

there are only two seniors on the team I am looking forward to having many returning members back next year.

According to Coach Scott the toughest matches were against Hudson and Copley. Mr. Scott replied "I have

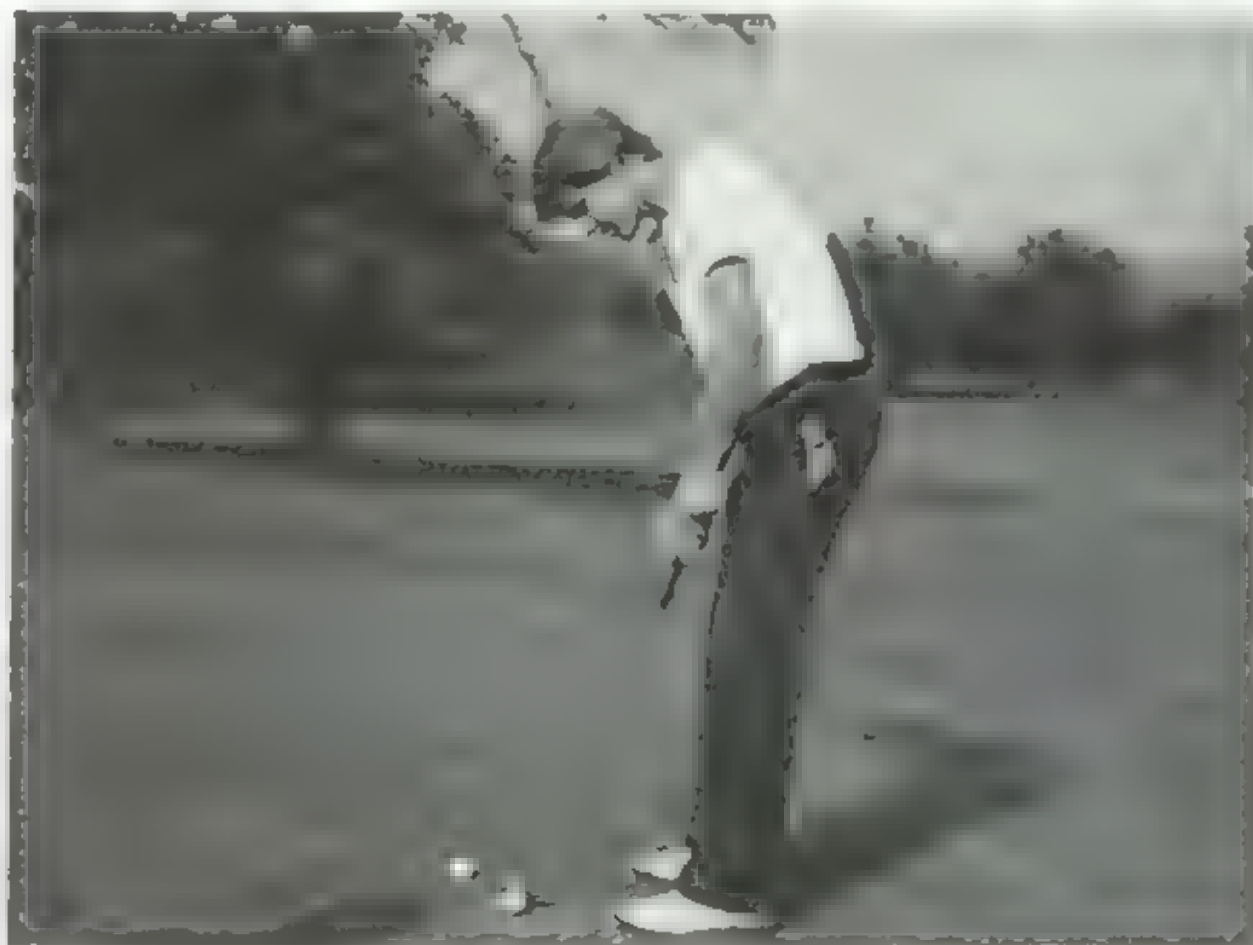

been extremely pleased with the teams accomplishments and attitude.

Junior Tim Busch went on to win sectionals and qualify for districts. There he placed 25th out of 125 golfers from Ohio.

Just One Kick After Another!

This year was not as great as the Varsity and Junior Varsity soccer teams had hoped, despite all their hard work. With the loss of some key players and the addition of a new coaching staff as well as advancing a division, the teams put forth a

good effort to make the best of their season. The Varsity's record was 3-14-1, while the J.V.'s record was 5-12-1.

The Varsity soccer team was coached by former Force player Mohammed Attiah. The Junior Varsity coach, Scott Rod-

gers played soccer in high school, and in college

The team only graduated four players which means a good majority of the team will returning next year.

The volleyball team, despite a lack of seniors and, what might be called a building season, accumulated several honors. Accumulating a 14 win & 10 loss record, the girls showed a steady improvement

throughout the year. The highlight of the season was the capture of the championship of the Revere volleyball tournament winning 6 straight games to dominate the eight team field.

Individual honors were received by Lauren Esarey and Diane Ingle who were named to the All Suburban first team, and by Kim Bowman who was chosen to the second team.

Running The Distance

As a new coach, Jeff Gibson managed to pull together a team to run the 5 kilometer races. Workouts began in July. Hill work and leg speed, as well as simply running miles and miles, were combined

to help make runners out of all.

The camaraderie between the team members and the opposing teams kept the team running. There were always members from both teams helping you

pushing you — and you always appreciated it.

Inexperience Causes Disappointment

Under new head coach Harold Smith, our Revere Varsity Basketball Team, had a disappointing season, putting only one victory in the win column. This was because they were made up of they freshman classmen with little varsity experience.

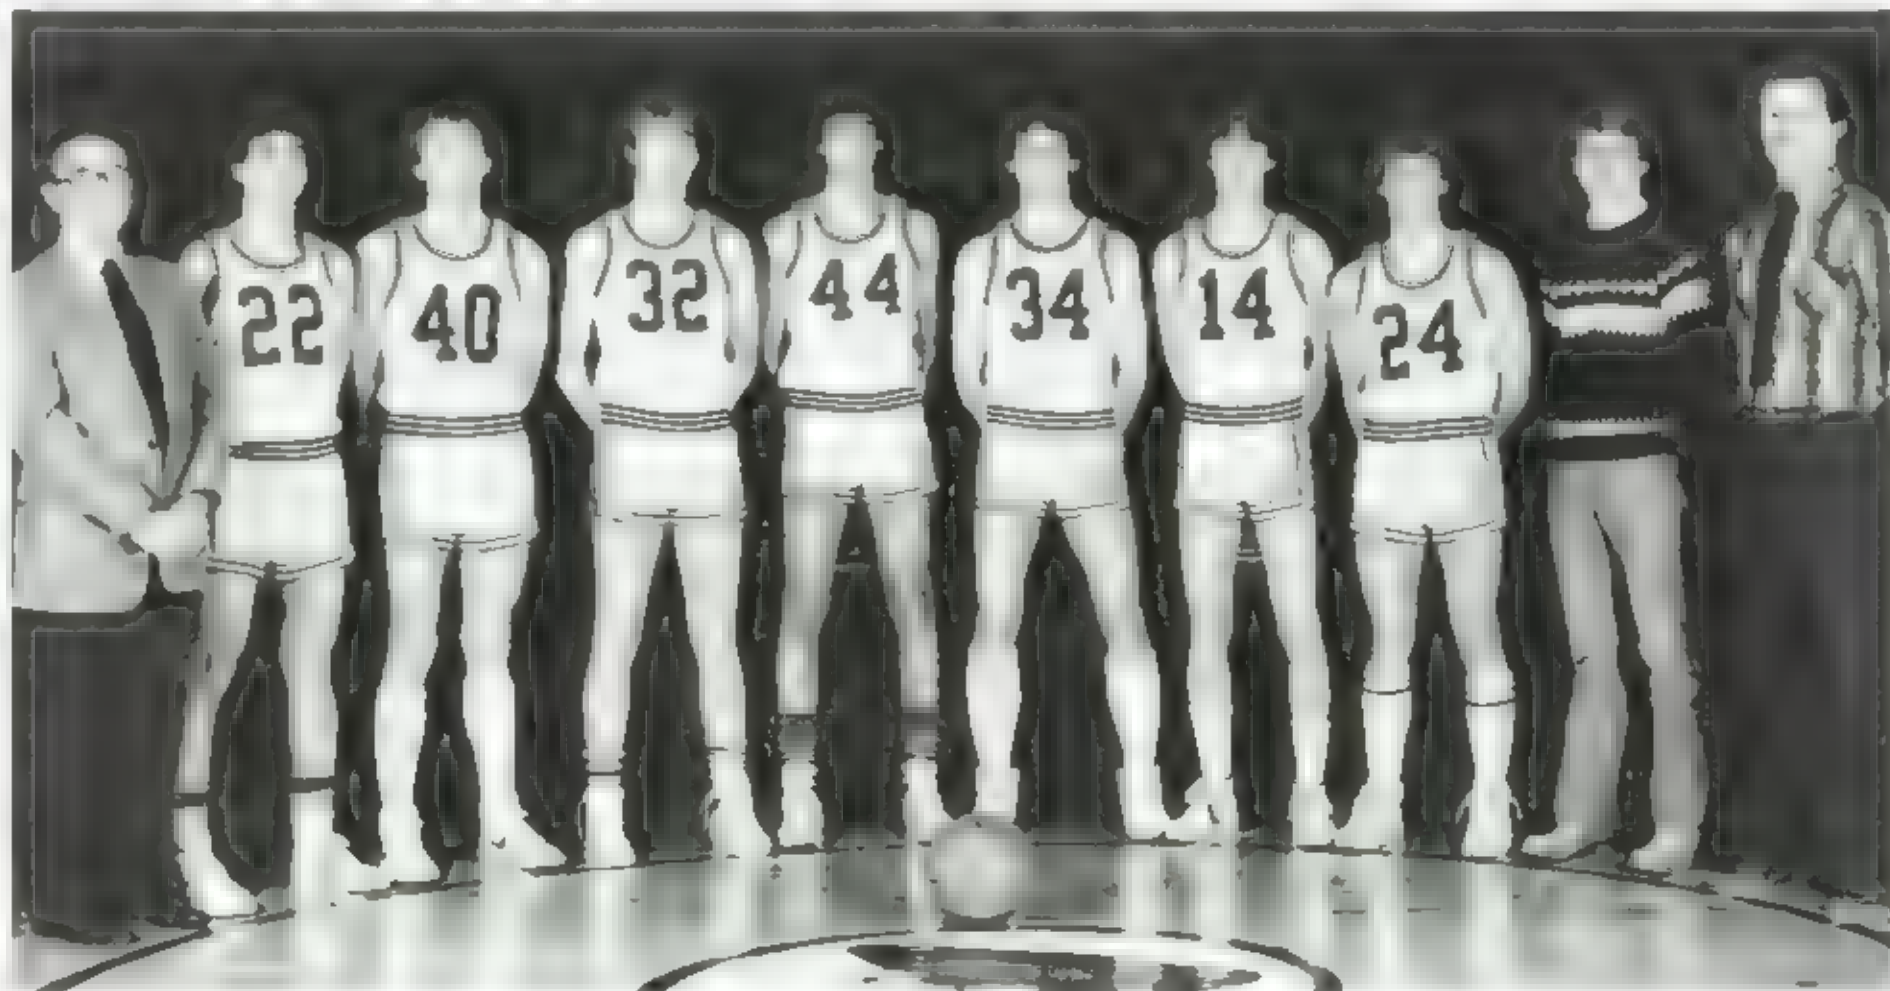

The Minutemen did have several players who turned in great individual performances. Shawn Frimst, who was selected to the first Team All-Southern League, led the team in scoring and was named Revere's Most Valuable Player. Tim Hower also played well and led the

Minutemen in rebounding with 300 more. Frimst showed some great promise for the upcoming year. Hopefully, if more experienced players and classmen joined this year, the team will be much more successful next year.

Drill Team

The Drill Team enjoyed to entertain Reverend and other exciting year making it their third. Not only did they perform at some basketball games but also at some soccer games which was a first. They also showed their spiritual pageant services and a few football games.

During the winter break of 1993, Lisa Martin and Kathy Vernon of the band and the Martins the girls performed some beautiful musical performances.

By watching and various other activities they were able to perform a few more. All of the girls worked hard to make the halftime they performed at very enjoyable.

Combined Efforts Lead To Success

The Girls' Basketball Team had a very exciting season this year. The girls put all their efforts into every game, which resulted in a 21-3 record. Coming in second in the Suburban League, they were number one on the floor. Each girl contributed considerably to the team, but there were those whose performances were outstanding. Captain Carin Crislip was the team's Most Valuable Player, voted the Suburban League's Most Valuable Player, and first team All-Suburban League. Laura Cihlar was the leading rebounder and voted on the second

team All-Suburban League. Nancy Phillips received the Hustle Award and was named on the first team All-Suburban. Amy Weingart was pronounced the Outstanding Defensive Player and voted on the second team All-Suburban. Under Coach Rich Rybak, the girls were District Runners-Up in the Brunswick Tournaments, the first team to make it this far. The girls ended their season proud of their accomplishments. The support from family and friends made their victories much more enjoyable. Congratulations!

Wrestling

The Revere Wrestling team had a fairly good season this year. However, only two seniors finished the season instead of the usual nine or ten. In the Suburban League Tournament, the team tied for 4th place with Copley. Robert Savazzio received the MVP award and won the Suburban League Defensive weight class. Steve Felix was named the Most Dedicated and Dave Gwin the Most Improved. John Mizev was presented the Jeff Gerson Memorial Award for the outstanding freshman wrestler. The team is looking forward to improved standing next year.

Tumbling On To Victory

After near extinction in 1961, the Ravens revived their team came back strong in 1962 with a record of 13 wins and 5 losses. Under the leadership of coach Ed Wells and the leadership of senior Andy McArthur and juniors, they proved that hard work and determination lead to success. Junior Robin Fleming received the Most Valuable Player award, senior Andy McArthur was named Most Valuable Player, and senior Andy McArthur was named Most Valuable Player. The team also received the only four year award, with senior Andy McArthur and Andy McArthur. Zweig received the Coach's Award. Other team members were senior Ruth Ann Waackman, senior Missy Slaby, and freshmen Erin Fleming and Andy Smith.

ADMINISTRATION

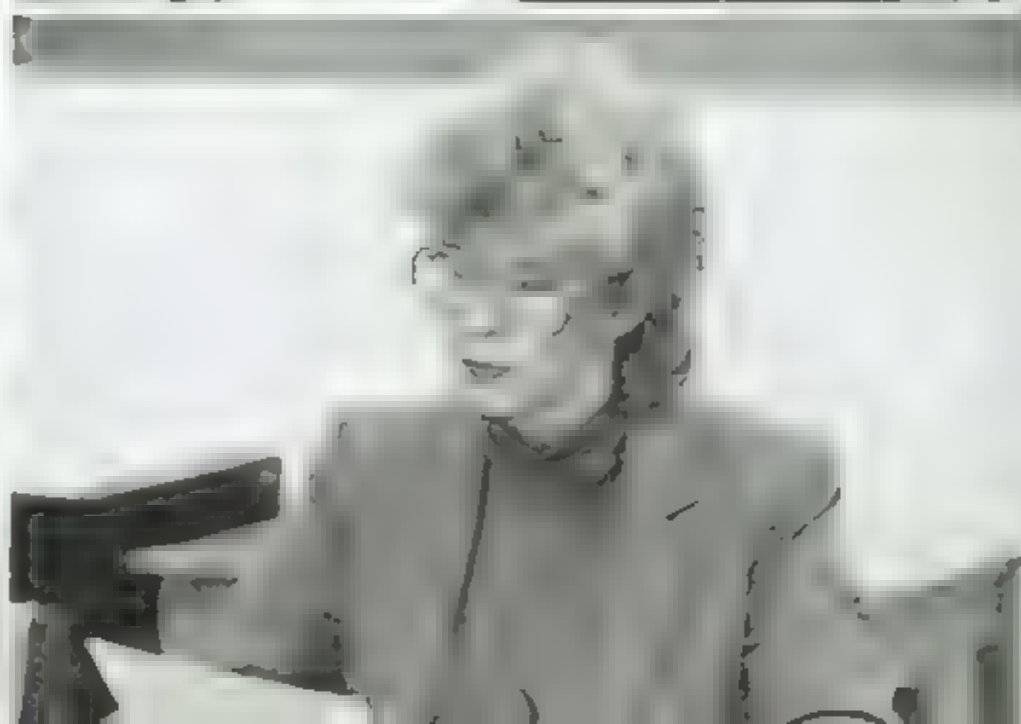

This year Mr. James Krosky, Mrs. Diana Sabitsch, and Mrs. Michele Hanke were elected to serve on the Board of Education with Dr. James Grow and Mr. Edward Butler. Along with Mr. Klingensmith (Superintendent), Mr. Davidoff (Assistant Superintendent), Mr. Allison (Service Affairs

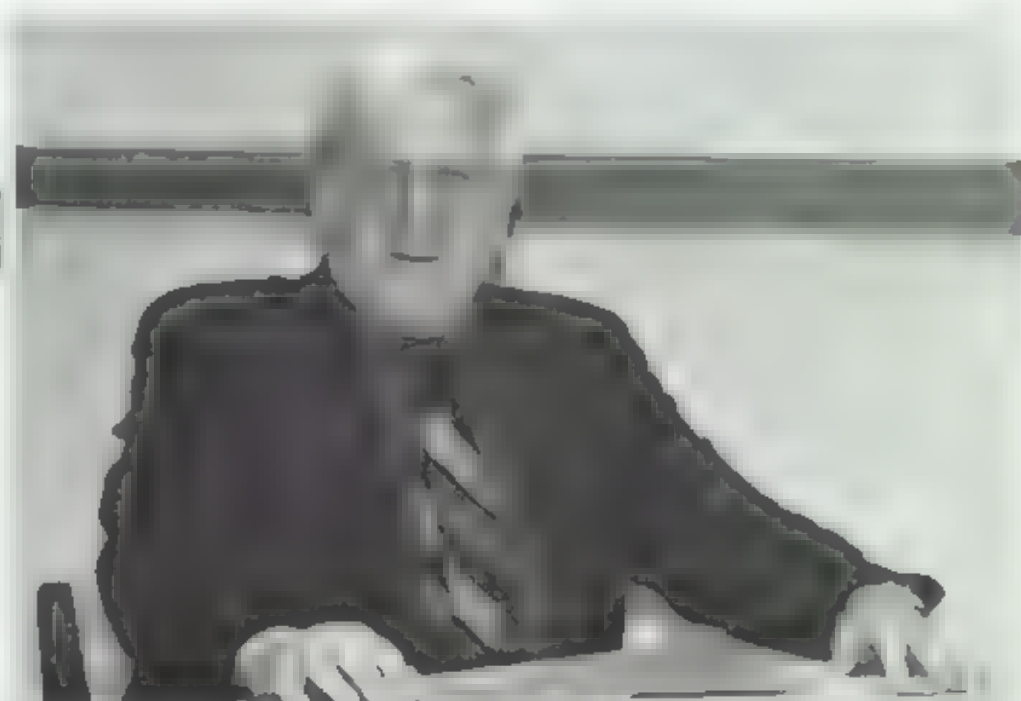

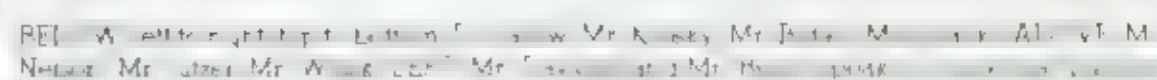

Coordinator) and Mrs. Snyder (Treasurer), they have tried to make our schools run smoothly and effectively.

The Board's primary concern this year seemed to focus on excellence of education. Monthly, a Departmental Head presented to the Board what curriculum was

being used and what improvements had been made.

BELOW: A candid view at a recent meeting. BOTTOM: left to right, top to bottom: Mr. Klingensmith, Mr. Allison, Mr. Davidoff, and Mrs. Snyder.

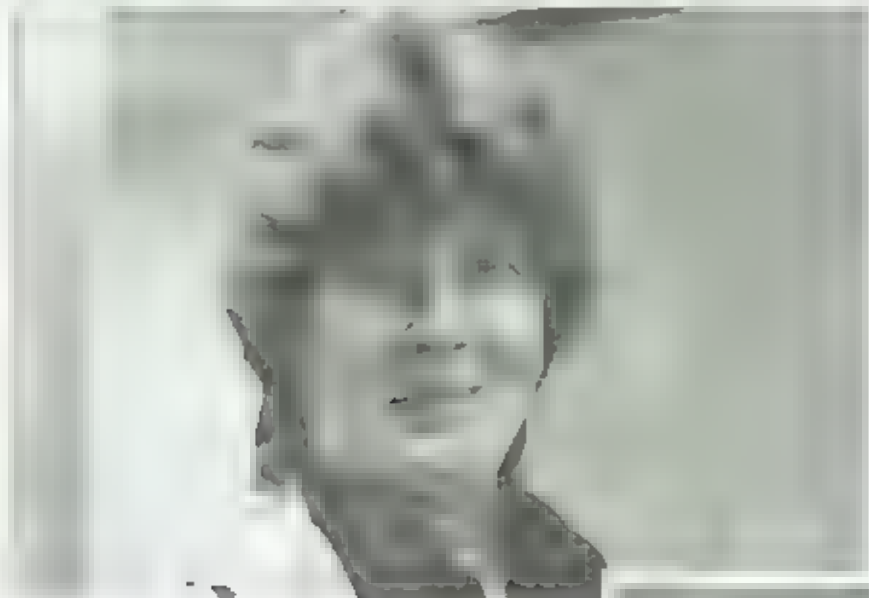

ADMINISTRATION

We experienced many changes this year in our administration. We added a new principal, Mr. Wilkens, and to Mr. Wolski, our assistant principal. We also had a change in our secretary, Mrs. Elm.

Mr. Litzel, who was the principal at Eastview, became our fearless leader. Mrs. Jelms became the first female administrator in 17 years when appointed as assistant principal in charge of student attendance and as athletic director. Mr. Ost became assistant principal in charge of student management.

Jelms "starts us up"!

This year Mrs. Betsy Jelms began a jazzercise class for all who wished to come. It was an instant success with thirty students and faculty members in attendance. What made it work? She really cared. If someone didn't have a ride home she arranged one. She wanted us all to get physically fit.

"Do you want to speak with the one in charge or the one who knows what's going on?"

sek're ter'e

[ML. secretarius, one entrusted with secrets] a person whose work is to run an office efficiently and effectively without seeming to know too much

Our secretaries play a very important role in our lives at Revere. They are there when we need to talk, need bus passes, come in late, or need information about any school policy. Without them we would be lost!

Mrs. Jelms

GUIDANCE

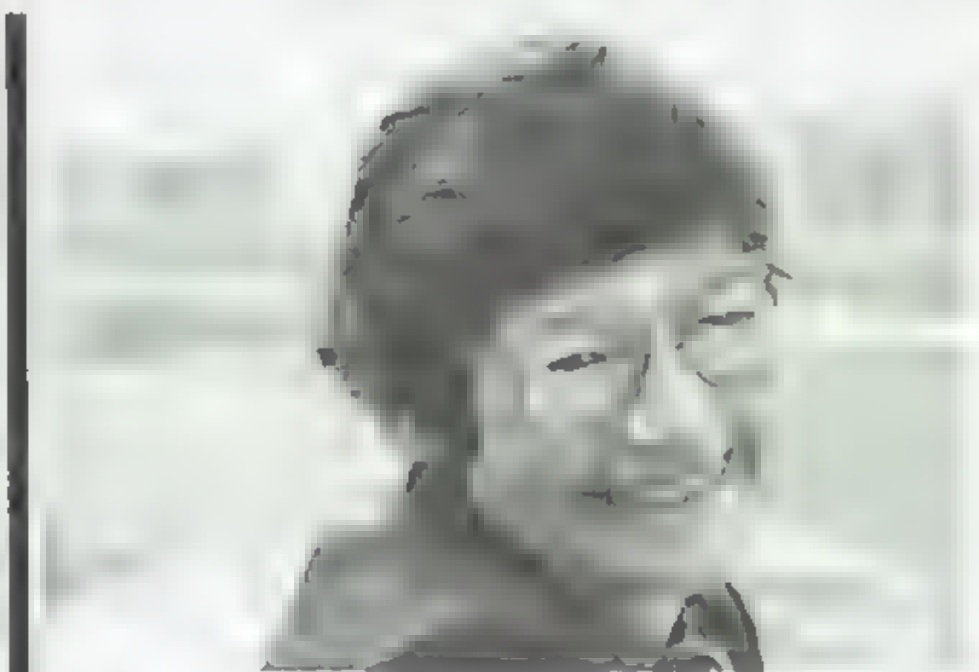

Our guidance department has been a vital source in our development. When we were freshmen we were assigned to a particular counselor, but we went to whomever we felt most comfortable with.

Whether that person was Mr. Kungle, Mrs. Boecka, or Mr. Fry, they were there whenever we had problems. They made us feel better about ourselves. When we were confused about what school to attend or classes to take, they helped us straighten things out.

Live It Up!

Living it up together, I guess at Revere High School. We've had a lot of fun together, and we've grown up together. We've had a lot of fun together, and we've grown up together. We've had a lot of fun together, and we've grown up together.

was party. And I can't forget the party. We've had a lot of fun together, and we've grown up together. We've had a lot of fun together, and we've grown up together.

We have grown closer to each other—through the joy and the pain. The loss of two of our classmates, Jeff and Marianne, made us value each other more.

We've grown up a lot since that first day here, and now we're venturing out into the world. Come what may, we'll always remember Revere and all the friends we have grown up with and have come to cherish. Yes, we have finally made it, we're on our way: The Class of 1984.

"Oh my gosh, I'm so embarrassed!"

We all know that familiar feeling: without a trace, and that no one would remember the incident. But a burning, rushing sensation in our face, as it turns beet red. We of course people never forget. Even wish we could just disappear everyone has been embarrassed at

least once in their lifetime, and no matter how silly or how dumb, we'll always remember. Some people remember things that happened all the way back in 1st grade! Many of our classmates have embarrassed themselves when they've locked their keys in the car, or picked up the wrong date, or been caught "parking", but others have been caught in more precarious positions. Here are some responses we got to the question, "What was the most embarrassing moment in **your** life?"

"When I fell asleep in study hall, I had a dream about a baseball flying at my face. I awoke with a start and a slight yell escaped from my mouth. Everyone in the class turned and looked at me, and I was really em-

barrassed!"

"I was at a party one time with my girlfriend and there was another girl that looked like her from behind. I went up and 'grabbed' her but it was the wrong girl!"

"Falling all the way down a flight of stairs at the Christmas formal!"

"Going to the park on blow-off days and having Mr. Wask. show up to enjoy it with us!"

"I was undressing in the locker room of the Springside Racquet Club and a girl walked in thinking it was the girl's locker room, but she soon found out that it was not!"

"I'll never forget when my braces got caught on a totally gorgeous senior's

shirt on the first day of school!"

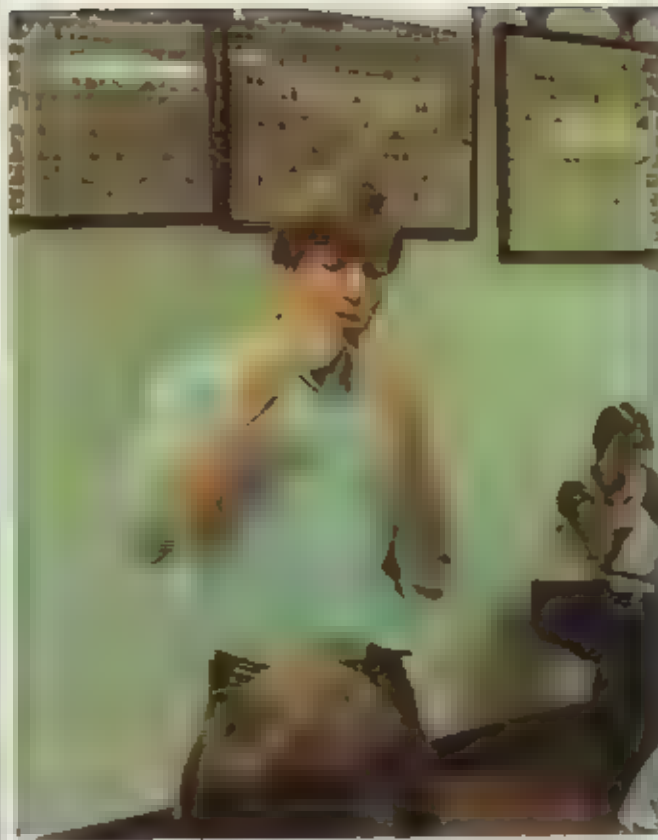

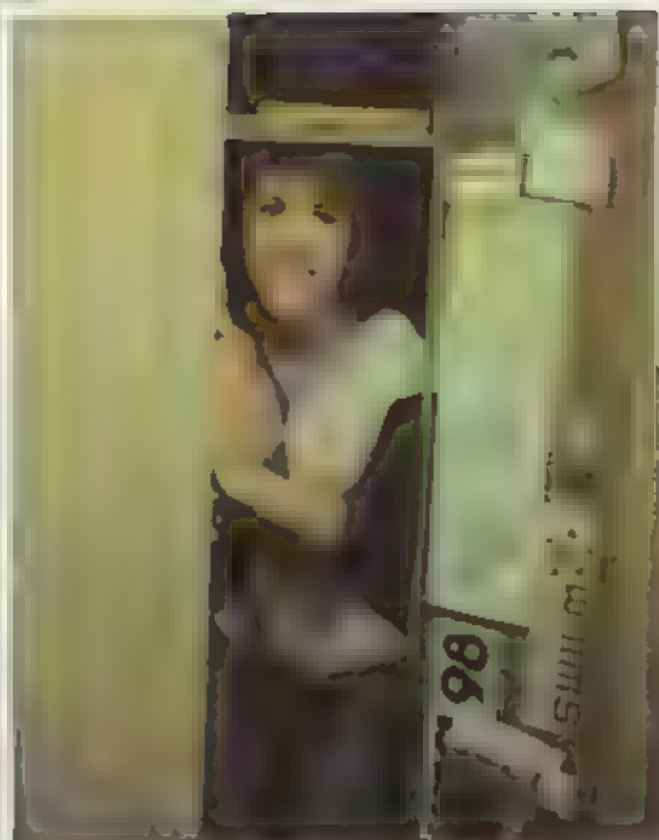

"Hitting a parked car while taking my first driving test."

"When I fell asleep in Mr. F... and period class and he woke me up fifth period to tell me it was time for lunch!"

"Parking at Sand Run, a ranger pulls up; you try to act casual, and discover your bra sitting on the dashboard."

"Believing Jesse Jackson and Michael Jackson were related; Sitting down in Economic Theory and having the desk break in half!"

"Being caught drunk by a policeman and offering him a beer."

1984 is the story of one man's attempt to fight the system. The world has been taken over by a totalitarian government. Big Brother is the mustachioed symbol of this government. Every aspect of life is controlled by the government. Television monitor bedrooms. The language is distorted and twisted so that "PEACE MEANS WAR" and "SLAVERY IS FREEDOM". The individual is broken and becomes a part of the machinery of the government.

Winston Smith is the man who attempts to save his uniqueness from Big Brother. He thinks he can do it, but in the end he loses his love of a woman named Julia and willingly offers himself to Big Brother.

Why does he break? His worst fear is used to destroy him. In Room 101 where the most horrible nightmare comes to life, Winston Smith loves Big Brother.

We, as the class of 1984, do not know for certain this story will not become reality someday. But look at us. We are loving, intelligent, unique human beings. We hold the world's future in our dreams. We do not believe in the world of Big Brother and as long as we hold tightly to our love of one another and our belief in freedom, the world of **1984** will never exist. We hold the key. **We** are the wonderful reality of Anno Domini One thousand-nine hundred-eighty-four.

"You Can't Take It With You"

What do you get when you add together a mother who writes plays, a father who designs fireworks, throw in a nutty maid, a Russian waitress, a drunk third-rate actress and various other eccentric characters? You get this year's fall play 'You Can't Take It With You' by George Kaufman and Moss Hart.

Y.C.T.I.W.Y. was full of surprises. We saw Bill Lester age sixty years, Sean Fremon play with his erector set and Ben Campbell lose his hair. We also saw Tina Kayana attempting to dance, Heidi Butler trying to write, and Bill (Billy) Russell growing a mustache. It was an enjoyable evening for all.

Variety Show "84"

Variety was definitely the key word in this year's variety show. Larry Satis's band **Scheme** started the show off on the right foot and was followed by acts ranging from a duet by Gloria Colonna and Randy Probert to a dance number by Lauren Wisz and an ad for Dr. Scholl's courtesy of Revere's Comedy Troupe.

After intermission, the audience was greeted by the band **Phase 4**. The second half of the show included dancing, a slide show about Brazil by Ana Miriam, the WRHS news, and a sad and final farewell from Bob and Doug McKenzie. The show ended on a beautiful note with Lindy Dougherty's solo "Memory" from **Cats**.

Mondale, Hart, or Jackson?

On May 8 over 400 delegates, staff members, and students in various capacities assembled in the Revere gym for the quadrennial mock convention. Nine names of prominent Democrats were put into nomination, but without the required majority on the first round, the delegates then politicked, promised, and argued their way into a third round before finally nominating Jesse Jackson as the Democratic standard bearer for 1984. With 393 delegates, 197 were needed for victory and Jackson reached this magic number when the Texas delegation allied with the Rainbow Coalition. Once delegates were released from their primary and caucus obligations of balloting in the first round, support for Walter Mondale faded fast, while support for Jackson and Gary Hart grew.

In the nominations and voting for the vice-presidential candidate, Gary Hart won a first round victory. Early attempts to place fellow Coloradoan Pat Schroeder, the favorite of the feminists, on the ticket failed to generate the needed support. Thus, as the balloons and confetti flew to the accompaniment of "Happy Days Are Here Again" from the Mock Band, Fayette students decided that the best chance for victory in November rested with the ticket of Jackson-Hart.

Delegates and staff members gathered in the Revere gym for the quadrennial mock convention.

Memories, Past And Present

The Senior Banquet for the Class of 1984 held at the Tanager Restaurant in Akron on May 17th was successful and fun.

The evening began with a welcome by Bill Downing, the class president and a prayer by Kevin Gore. Dinner consisted of Turkey, Beef Burgundy, Fried Chicken, Lasagna, Vegetables, Potatoes, Salad and Strawberry Short cake.

Mr. Litzer revealed his thoughts, feelings and aspirations for the Class of 1984.

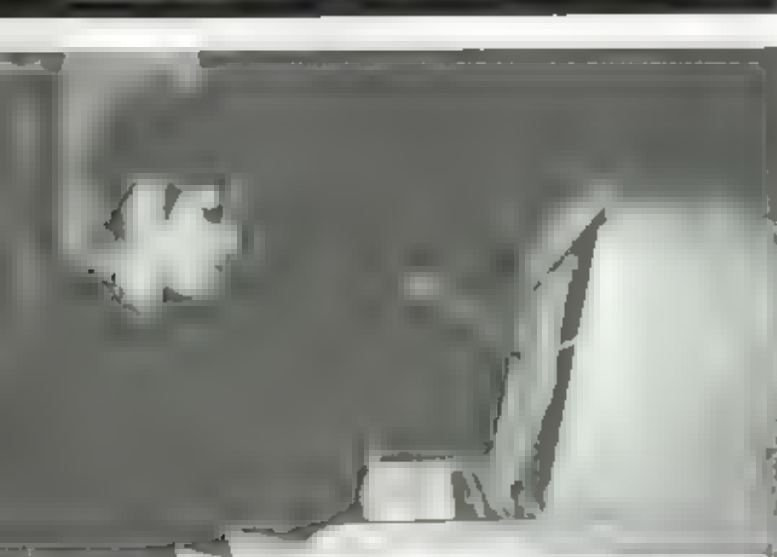

The Class History and Prophecy were recited by Bill Lester and Maram Higgins. Entertainment was provided by Lindy Laugherty who sang "Memory" and was accompanied by Marnie Haasa.

The then long-awaited Senior Speech was read. There were a few surprises (Mike Marchetta--"Best Legs?" What about Dirk Fatterson?" but most were previously speculated.

Finally the Senior Memories were projected by Jerry Curtis and Kevin Gore as the evening came to an end.
